## INTERNATIONAL EUROPE CLASS

### Emergency Rule Changes

Following a submission from the IECU to the IYRU Centreboard Boat Committee Mid-Year Meeting, the following Class Rule changes were made and ratified by the IYRU Executive Committee to be effective from 15th April 1991:

#### Rule 3.6.4 - Sail

##### Insert New Rule

'The sail shall have luff and foot bolt ropes of not less than 80% of their respective lengths and which may be elastic, running in a track or groove on the after side of the mast and the upper side of the boom.'

#### Rule 3.6.5 - Sail

##### Insert New Rule

'The sail shall be hoisted on a halyard. The arrangement shall permit hoisting and lowering of the sail at sea.'

#### Rule 3.5.3(v) - Mast

##### Insert New Rule

'There shall be a track or groove on the upper side of the boom for the foot bolt rope of the sail.'

---

Effective 15th April 1991.
